Help

Keep

Fluorescent Lamps

out of the Landfill

*It's as easy as A B C:*

**A**ll Sussex County residents & businesses

**B**ring intact lamps to the Convenience Center for

**C**ollection by our staff

Fluorescent lamps are considered “Universal Waste” and should be disposed of properly. Up to 10 lamps (tubes only please!) may be brought to the SCMU Convenience Center at the Bagged Garbage Area for safe collection. Customers with larger quantities should Obtain information from our Main Scale House or Convenience Center for suggested Universal Waste processing facilities. **Compact & other fluorescent bulbs can be brought to the next SCMU Household Hazardous Waste Day (6/5 & 11/6/21), or properly disposed of at authorized Universal Waste processing facilities.**

**Broken Lamps can  
release mercury and  
other contaminants  
into the air and water**
